

STORM X POLYGIENE ODOR CRUNCH™ SPRAY

The OdorCrunch eliminates body and environmental odors on fabrics, reducing the need for frequent washing of garments and gear. The Polygiene OdorCrunch is a safe ingredient that doesn't interfere with any natural bacteria on the skin or have any negative environmental impact. It works on a number of different odors including body odors, cooking fumes, smoke and other environmental fumes and odor.

Anwendung:

Shake the bottle

From a distance of 10cm to spray on

Allow to dry before use

Polygiene OdorCrunch™ is an odor-absorber – it tackles lingering odors head-on by capturing and 'crunching' the odor molecules responsible for bad smells in textiles. Working to eliminate body and any kind of environmental odors (eg. smells from camp fires, cooking fumes and smoke) the solution utilizes a patented blend of filtered river water and modified silica particles.
